

Jams & Syrups & Honey

~ Gourmet Blend Jams & Syrups ~

Using old family recipes, Huckleberry Mountain blends hand picked wild huckleberries with premium blueberries, and tangy raspberries, to create our award winning fruit spread. Your customers will appreciate the special care taken to blend these extraordinary berries in just the right combination to ensure a tangy fruit filled experience.

We also blend these same berries with cranberries for a one-of-a-kind syrup for pancakes, waffles, ice cream, or other special treats.
